**IX International Symposium on Mushrooms in Brazil
VIII National Symposium on Edible Mushrooms
I Meeting on Food Biotechnology of São Paulo Federal University**

INVITATION TO INDUSTRY

São José dos Campos, Brasil, 02 – 07 de outubro de 2017

Realization:

**IX International Symposium on Mushrooms in Brazil
VIII National Symposium on Edible Mushrooms
I Meeting on Food Biotechnology of São Paulo Federal University**

Sponser's Notebook | <http://sicog2017.wixsite.com/sicog-eba2017-en>

The organizing committee welcomes you to Brazil.

Welcome to Brazil, the largest country in South America, being the fifth largest in the world in territorial area. This giant also has the largest economy in Latin America and the Southern Hemisphere, the ninth largest in the world in nominal Gross Domestic Product (GDP), as well as home to a diversity of wildlife, ecosystems and vast natural resources in a wide variety of protected habitats. With more than 44 million inhabitants, or about 22% of the Brazilian population, the State of São Paulo is the most populous state in Brazil. The economy of São Paulo accounts for about 32.1% of the total wealth produced in the country.

On behalf of the Federal University of São Paulo and the Faculty of Technology of Mogi das Cruzes, we are pleased to announce the IX International Symposium on Mushrooms in Brazil (IX SICOG) and the First Meeting of Food Biotechnology of the Federal University of São Paulo (I EBA-UNIFESP) a very special Mushroom and Biotechnology Week to be held from October 2 to 6, 2017 at the Hotel Nacional Inn Of São José dos Campos.

At the same time, occurs the 8th edition of the National Symposium on Edible Mushrooms (VIII SNCC), the largest Brazilian Mushroom Fair and Technical Workshops, contributing to a very special and interesting week, which will provide a rich opportunity for your company to expand your knowledge and network in the mushroom universe.

The organizing committee is planning these events in a way that complements and improves the interaction between science, commerce and industry. We will ensure you to get a complete experience at the conference, the tradeshow, and the technical excursions.

Overview

The last Paulista Census of Edible and Medicinal Mushrooms (APTA, 2016) showed that 1,062,008 tons of mushrooms are harvested per month among 505 mushroom producers, generating a monthly revenue in the order of R \$ 21,240,017.00 and around 5,000 direct jobs .

The lack of knowledge and technology are the main reasons for the slow national growth of Fungiculture.

The International and National Symposia of Mushrooms intend to:

- Promote the technical scientific debate on Fungiculture;
- Promote the Brazilian and International development of Fungiculture through the exchange of technologies that favor the increase of productivity, quality, sanitary control and sustainability;
- Transfer cultivation technology of edible mushrooms to the general population, especially the low-income ones;
- Promote the national and international marketing expansion of the productive chain of Edible and medicinal Mushrooms through scientific, technological and cultural exchange;
- Encourage the various segments of society to use mushrooms in their diet and health in view of their nutritional and medicinal properties;
- Inform the community about the need to preserve and recover genetic and cultural resources by considering all living components of our biodiversity (flora, fauna, macro and micro-organisms);
- Deepen Brazil into the world context of the mushroom market and promote the dissemination of studies of native species to the world.
- Serve as a recycler of technical information to producers to improve National productivity.

**IX International Symposium on Mushrooms in Brazil
VIII National Symposium on Edible Mushrooms
I Meeting on Food Biotechnology of São Paulo Federal University**

The ONU considers mushroom production one of the ways to end hunger on planet Earth due to the production of high biological value protein in a short space of time using residual inputs and small geographical spaces. The International Mushroom Symposium will promote the growth of the Productive Chain throughout Brazil and abroad through the exchange of Technical, Scientific and Market knowledge held in Brazil and worldwide.

In this brochure you will find information on all the opportunities to showcase, during the IX SICOG, the VIII SNCC and I EBA-UNIFESP, your company, your product / service and its activities to a broad and professional audience in an event that promises to be a Unique occasion and an unforgettable week.

For more information we invite you to access our website:
[Http://sicog2017.wixsite.com/sicog-eba2017-pt-br](http://sicog2017.wixsite.com/sicog-eba2017-pt-br)

With this invitation, we hope to welcome you in the beautiful cities of São José dos Campos and Mogi das Cruzes in 2017 for a successful event!

Regards,
Organizing Committee of IX SICOG, VIII SNCC and I EBA-UNIFESP

GENERAL INFORMATION

São José dos Campos city

**IX International Symposium on Mushrooms in Brazil
VIII National Symposium on Edible Mushrooms
I Meeting on Food Biotechnology of São Paulo Federal University**

IX International Symposium on Mushrooms in Brazil (IX SICOG) and the First Meeting of Food Biotechnology of the Federal University of São Paulo (I EBA-UNIFESP) will be held at Hotel Nacional Inn of São José dos Campos.

São José dos Campos, located in the countryside of the state of São Paulo, is the main city of Paraíba Valley and North Coast. This municipality counts on the eighth largest GDP of the state of São Paulo and the nineteenth of the entire country, in addition to a population of 695,992 inhabitants. The city is considered a pole of Science and Technology for Brazil and the World, housing the Department of Aerospace Science and Technology (DCTA), the National Institute for Space Research (INPE), an Embraer factory, the 3rd largest manufacturer of Planes, as well as state-of-the-art private and public universities such as the Technological Institute of Aeronautics (ITA) and UNIFESP.

Mogi das Cruzes City

Mogi das Cruzes concentrate the main mushroom production in Brazil. The Symposium Committee will organize a Technical Visit to the Delegates and participants to the growers of Mogi das Cruzes, which will happen on October the 6th.

The city of Mogi das Cruzes with a population of 439,321 inhabitants, one of the venues of our event, is the Mushroom Capital in Brazil, thanks to the Japanese, Chinese, Taiwanese and Italian families that introduced the fungiculture to the Brazilian people.

Hotel Nacional Inn in São José dos Campos

The Hotel Nacional Inn is located next to the Vale Shopping Mall, Embraer's Department of Aerospace Science and Technology, São José dos Campos Airport, Petrobras Henrique Lage Refinery and General Motors factory.

With a strategic location in São José dos Campos, Hotel Nacional Inn offers comfort and complete structure for events and leisure.

OFFICIAL LANGUAGE

The official languages of this event will be Portuguese and English.

REGISTRATIONS

The registration will allow participants to have access to entire IX SICOG, VIII SNCC and I EBA-UNIFESP program. Only visit to the growers and Workshops are not included to the registration fees. A badge will be provided to all registered participants.

Wednesday, October 04		Workshop:	Workshop: Spawn productions and it's challenges, with Dr. Mark Wach
09h00min - 11h00min			Workshop with Dr. Mark Wach – Sylvan
11h00min - 11h30min	Coffee Break; Sponsor Area; Posters		
11h30min - 12h30min			Workshop with Dr. Mark Wach – Sylvan
12h30min - 13h30min	Lunch; Sponsor Area; Posters		
13h30min - 15h30min			Workshop with Dr. Mark Wach – Sylvan
15h30min - 16h00min	Coffee Break; Sponsor Area; Posters		
16h00min - 17h30min			Workshop with Dr. Mark Wach – Sylvan
18h00min - 19h00min	Opening Ceremony of IX SICOG e VIII SNCC		
19h00min - 20h00min	Cultural Presentation		
20h00min - 22h00min	Cocktail		
Thursday, October 05		IX International Symposium on Mushrooms in Brazil	
09h00min - 09h30min	Plenary Keynote: Dr. Mark Wach - "Quality Spawn: A key to successful mushroom cultivation"		
09h30min - 10h00min	Eustáquio Souza Dias - "Genetic improvement of Basidiomycetes"		
10h00min - 10h30min	Nelson Colauto - "Long-term Cryopreservation of Basidiomycetes"		
10h30min - 10h45min	Questions and answers coordinated by Dr. Mark Wach		
10h45min - 11h00min	Coffee Break; Sponsor Area; Posters		
11h00min - 11h30min	Dra. Ceci Sales-Campos - "Total Polyphenols and antioxidant activity of different strains of Pleurotus from Brazil"		
11h30min - 12h00min	Noemia Ishikawa - " <i>Lentinula raphanica</i> : na edible mushroom from the Amazon"		
12h00min - 12h30min	Nelson Menolli Jr - "Brazilian wild edible mushrooms"		
12h30min - 12h50min	Questions and answers coordinated by Dra. Ceci Sales-Campos		
12h50min - 14h00min	Lunch; Sponsor Area; Posters		
14h00min - 14h30min	Lin Zhanxi - "The Development and Application of Juncao Technology"		
14h30min - 15h00min	Felix Gonçalves de Siqueira - "Bio economics: agro industrial lignocellulosic residues pretreated by basidiomycetes for edible and medicinal animal nutrition"		
15h00min - 15h30min	Meire Cristina N. de Andrade - "Use of organic waste for mushroom production"		

**IX International Symposium on Mushrooms in Brazil
VIII National Symposium on Edible Mushrooms
I Meeting on Food Biotechnology of São Paulo Federal University**

15h30min - 16h00min	Coffee Break; Sponsor Area; Posters
16h00min - 16h30min	Dr. Daniel Royse - "Overview of shiitake and oyster mushroom production on sterilized substrate in the United States"
16h30min - 17h00min	Arailde Urben - "History of Embrapas's contribution to Brazilian Fungiculture"
17h00min - 17h30min	Guilherme Eira - " <i>In Memoriam</i> Dr Augusto Ferreira da Eira"
17h30min - 18h00min	Questions and answers coordinated by Dra. Elisa Espósito and Dra. Ceci Sales-Campos
Friday, October 06	IX International Symposium on Mushrooms in Brazil
09h00min - 09h30min	Plenary Keynote Presentation: Dr. Greg Seymour - "The Great Brazilian Mushroom Enigma"
09h30min - 10h00min	João Lacerda - "A study of 10 years Brazilian Mushroom market development"
10h00min - 10h30min	Fernanda Silveira Bueno - "ACITESP in the Brazilian fungiculture development "
10h30min - 10h45min	Questions and answers coordinated by Fernanda Silveira Bueno
10h45min - 11h00min	Coffee Break; Sponsor Area; Posters
11h00min - 11h30min	Lynn Dongmei - " <i>Ganoderma Lucidum</i> application in China"
11h30min - 11h50min	Dr. José de Felipe Junior - " <i>Ganoderma lucidum</i> on cancer: possess triterpenoids that stimulates the immune system and activates oxidative phosphorylation and beta-glucan"
11h50min - 12h10min	Erna Bach - "Chemical compounds of <i>Ganoderma lucidum</i> and its effect in rats inoculated with Streptozotocin and Pristane"
12h10min - 12h30min	Angela Amazonas - <i>Agaricus brazilienses</i> –
12h30min – 13h00	Questions and answers coordinated by Dra. Lynn Dongmei
12h50min - 14h00min	Lunch; Sponsor Area; Posters
14h00min - 14h30min	Dr. Jonh Pecchia - "Disease challenges and control measures for the production of <i>Agaricus bisporus</i> "
14h30min - 15h00min	Fabricio - "Pasteurized substrate in Penn State University"
15h00min - 15h30min	Diego Cunha Zied - "Supplementation of substrate for mushroom production"
15h30min - 16h00min	Questions and answers coordinated by Dr. Jonh Pecchia
16h00min - 16h30min	Coffee Break; Sponsor Area; Posters
16h30min - 17h00min	Edison de Souza - "Sectorial Chamber of mushrooms"
17h00min - 19h30min	SICOG General Assembly Meeting

Each route will include a number of visits.	<ul style="list-style-type: none"> • Company logo in exclusivity on bus • Possibility to showcase own products during the company visits (to be discussed) • Logo Acknowledgment in the congress program and on the official website • Opportunity to have one (1) digital mailing sent out on your behalf to all attendees

**IX International Symposium on Mushrooms in Brazil
VIII National Symposium on Edible Mushrooms
I Meeting on Food Biotechnology of São Paulo Federal University**

Sponsor Area

The sponsor area is an integral part of the IX SICOG and Biotechnology Conferences. Participating in this area at the National and International Mushroom and Biotechnology meeting gives you the opportunity to present your company, cultivate established relationships, identify your new business contacts and increase your company's brand awareness.

The sponsor area will be close to the meeting rooms and will be combined with poster exhibitions, food and beverage buffet areas to guarantee a constant flow of visitors to your stand.

Reservations and Payment Conditions

Exhibitors/sponsors must complete the reservation form and return it to the Congress Secretariat by email sicog2017@gmail.com or by phone number +55 (12)98303578.

All costs are quoted in DOLLAR and do not include taxes.

A confirmation of reservation will be sent together with the contract and an invoice will be sent for deposit payment.

In case payment, has not been received by SICOG before the conference commences, SICOG reserves the right to withhold stand-construction or other sponsor-participation at the IX SICOG, VIII SNC and I EBA.

Liability and Insurance

Neither the organizers nor the meeting venue can take any responsibility for injuries or damages involving persons or properties during the event. The sponsors are requested to have their staff and products insured.

Contact Information

Sponsorship is one of the most powerful and effective of all marketing communications. Sponsorship is not just another form of media, and therefore cannot be evaluated in the same way. With those principles at core, the sponsorship package will offer your company opportunities for new connections, new relationships and new business.

All companies interested in participating in sponsorship are kindly requested to contact us at the details shown below:
